**What church affiliation is MOPS?** MOPS is hosted in a wide array of different churches or places of worship. If MOPS is hosted in a certain place it doesn't necessarily mean that it is directly affiliated with that church's belief system. If you have more questions about the MOPS statement of faith you can check it out here: [Statement of Faith - MOPS](#) . Please note that we welcome any and all moms with whatever belief systems that they hold. MOPS is a safe place to express different opinions, ways of living and to just be YOU!
